### From Hon. W. H. Jones, of West Dover, Vermont.

"I have been troubled from my boyhood with chronic or hereditary lung complaint. Some years since, early in the winter, I took cold, which as usual settled into a severe cough, which continued to increase as the season advanced, although I made use of all the cough remedies I had knowledge of. My family physician also prescribed for me, but I felt no relief. During all this time I was gradually running down, losing flesh and strength, until my friends as well as myself, became very much alarmed, thinking I should waste away in consumption. While in Boston, during the spring following, I was induced to try WISTAR'S BALSAM OF WILD CHERRY. After one day's trial I was sensible that it was relieving me; in ten days time my cough had entirely ceased, and I was soon restored to my health and strength. I have ever since kept the BALSAM in my house, and whenever any member of my family has a cough or cold, it is immediately resorted to. No family should be without it." Sold by all druggists.

### A Gentle Hint.

In our style of climate, with its sudden changes of temperature—rain, wind and sunshine, often intermingled in a single day—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boschnee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill and, perhaps, death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. German Syrup is now sold in every town and village on this continent. Sample bottles for trial 10 cents; regular size, 75 cents. *

### The Machine was Worn Out.

Why? Not because it was not well built, but it was wrongly run. Thousands of men who have run down long before their three-score and ten years are accomplished, might have been renewed into sprightliness and vim if they had tried the well-known PERUVIAN SYRUP, which contains among its compounds the Protoxide of Iron, so combined that it assimilates with the blood and invigorates the whole system. This syrup has proved efficacious in thousands of cases, and will do everybody good who uses it. All druggists keep it. *

WARRANTED FOR EVER.—The manufacturer of the Raymond Sewing Machines now issues a certificate of warranty to all purchasers of sewing machines of his manufacture. The "Raymond" has been for ten years in constant use by the British Columbia public. They give unqualified satisfaction; they do everything; they do it well. Every new improvement is attached to the "Raymond." Its popularity and its sales increase. Call and see the "guarantee" which is furnished with each "Raymond" Sewing Machine. A new supply of these unequalled machines recently received. A. B. Gray & Co., sole agents for British Columbia.
N. B.—Attachments for all kinds of sewing machines on hand, including new descriptions of hemmers, tuckers, frillers, etc. *

### Blank Book Manufactory and Book Bindery.

Paper ruled to any pattern. Tickets, Receipts, etc., numbered and perforated. Charts and maps mounted. The best classes of modern machinery employed. R. T. WILLIAMS, Government street, entrance through Messrs. Hibben & Co's store. *

PEACE PROCLAIMED.—After ten years of active warfare! I have been at war with my customers for ten long years, and I am now ready to DYE FOR THEM at reduced rates. Gents' clothes cleaned and repaired; faded curtains and clothing restored and made to appear as good as when new. Customers abroad will not have reason to grumble at prices if they send their articles to T. W. Pierre, tailor and dyer, Yates street, opp. Alhambra Hall. Castoff clothing taken in exchange for work. *

LOST, DESTROYED OR STOLEN.—All the school-books which come under the above caption during the past summer holidays can be easily replaced at the Publishers' prices at
* T. N. HIBBEN & Co.'s.

NOW IS THE TIME to get Pictures cheap. Call at once at the New Photograph Gallery. Children's Pictures taken in one second. Government street, near James Bay Bridge. *

THE LATEST.—The undersigned received by City of Panama, a choice lot of Ladies' Costumes, Children's Dresses, Summer Dress Goods, Trimmings, Lace Handkerchiefs, Ties, Sets, etc., etc.—SHEARS & PARTRIDGE, London House. *

JUST RECEIVED per mail a fine lot of trout flies tied expressly for the Cowichan and Comox Rivers and the Province in general. Price, 75 and 50 cents per dozen. To be had at HENRY SHORT'S, Gunmaker, Fort Street. dw*

THE COMMONS.—Mr. Wm. Dalby will be a candidate for the Commons in Victoria District. *

"Berkeley, Sept. 1869.—Gentlemen: I feel it a duty I owe to you to express my gratitude for the great benefit I have derived by taking Norton's Camomile Pills. I applied to your agent, Mr. Bell, Berkeley, for the above named pills, for wind in the stomach, from which I suffered excruciating pain for a length of time, having tried nearly every remedy prescribed, but without deriving any benefit at all. After taking two bottles of your valuable pills I was quite restored to my usual state of health. Please give this publicity for the benefit of those who may thus be afflicted.—I am, Sir, your truly, HENRY ALLPASS.

### ELECTORS!
### RESERVE YOUR PLEDGES.

TO THE ELECTORS OF VANCOUVER DISTRICT.

GENTLEMEN:—HAVING BEEN CALLED UPON by a large number of merchants, farmers, workingmen and others to represent Vancouver District in the House of Commons at the ensuing general election, and believing that there never was a period in the history of our adopted country more critical than the present—when honest, industrious men, who constitute the bone and sinew of the commonwealth, should look after their rights—when commercial men who are in the channels of trade—enterprising men who develop the resources of the country—workingmen whose honest toil revolves the wheel of commerce and puts the whole machinery in motion—should give that attention and care to public interests which are justly expected of every true patriot and loyal citizen. And having, moreover, been intimately acquainted with the political interests of the Dominion in the Eastern Provinces, and having helped to place men in power who have been the workingman's friends and the friends of progress, such as the Hons. Sir J. A. Macdonald, Ontario; S. L. Tilley, N. B.; Dr. Tupper, N. S.; and J. C. Pope, P. E. I.; I shall, if elected by your suffrages, be found working shoulder to shoulder with such men for the country's weal.
I am led to this determination for the simple reason that the present Government have failed to act justly with British Columbia, after five years of unlimited power. They have given us no definite hope of the immediate construction of the Canadian Pacific Railway and no change of Tariff on account of our isolated and distant geographical position. I advocate therefore:
1. Immediate railway construction and the honorable fulfilment of what is known as the Carnarvon Terms.
2. The erection of a Drydock at once as being, like the Railway, not only a Provincial but also a national necessity.
3. The importation free of duty of all material required for the rigging and fitting of ships that cannot be procured in this Province.
4. A just and equitable adjustment of both Export and Import Dues from a reciprocal point of view, which would benefit largely the Commercial, Mining, Agricultural and Lumbering interests of the Districts as well as of the whole Province.
5. I would also strive to secure a new Postoffice for the thriving city of Nanaimo, and failing in that, some improvement at least upon the shameful neglect of its present postal facilities.
Other local and provincial wants which may call for legislative redress shall receive, if I am elected, my serious attention and warmest support.
I shall take an early opportunity of holding public meetings in the various sections of your wide and extensive district (of which due notice will be given) at which I shall, as also in private intercourse, fully explain the course I intend to pursue, and hope as the result of that to receive your generous support.
I have the honor to be, Gentlemen,
Your obedient servant,
A. J. McLELLAN.
Nanaimo, June 14th, 1878. je30dw

### DISTRICT CORRESPONDENCE.

EDITOR FREE PRESS:—I quite agree with the writer of the article which appeared in your issue on Wednesday last signed "Union and Progress," giving our late, and would-be next, representative in the House of Commons (I mean Bunster) a slight rub for leaving the city without giving an account of his stewardship for the five years he represented us. Yes, Mr. B. spent off and on about a week in town, and surely he could (if he wished) I think without interfering with his business or canvass spare a few hours, say even one, to address us. It's true it was generous, gentlemanly and policy on his part to defer his address and give up the Institute Hall on Saturday in favor of the Bazaar. It is also true the Institute was at his command on the Monday evening following, which would have, in my opinion, suited the purpose and the citizens equally as well. Nanaimo is the centre and the most important part of Vancouver District, and when he can make it convenient to address the different other parts of his constituency why, I ask, does he treat Nanaimo so coolly unless he is under the delusive impression that his right bower can mesmerise every voter to support only him? It's a huge mistake. Come, Bunster, let us hear one of your eloquent speeches, else you will hear again shortly from
HOCKMANN.

### DR. J. COLLIS BROWNE'S
(Ex Army Med. Staff),
### CHLORODYNE

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION.—Vice-Chancellor Sir W. P. Ward stated that DR. COLILS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, being the inventor was deliberately untrue which he regretted had been sworn to. Eminent Hospital Physicians of London stated that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely and mean no other than Dr. Browne's.—See "Times," July 12, 1864.
Tee public, therefore, are cautioned against using any other than

DR. J. COLLIS BROWNE'S CHLORODYNE.
REMEDIAL USES AND ACTION.

This INVALUABLE REMEDY produces quiet, refreshing sleep, relieves pain, calms the nervous system, restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvelous good effects and wonderful cures, while medical men extol its virtues most extensively, using it extensively in the following diseases:
Diseases in which it is found eminently useful—Cholera, Dysentery, Diarrhœa, Colics Coughs, Asthma, Cramp, Rheumatism, Neuralgia, Cough, Hysteria.
The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See "Lancet," Dec. 31, 1864.
From A. Montgomery, Esq., late inspector of Hospitrls, Bombay: Chlorodyne is a most valuable remedy for Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen monts severe suffering, and when other medicines had failed.
Dr. Lowe, Medical Missionary in India, reports (Dec., 1865,) that in nearly every case of Cholera in which Dr. Collis Browne's Chlorodyne was administered the patient recovered.
Extract from "Medical Times," Jan. 10, 1866.—Chlorodyne is prescribed by scores of orthodox remedial practioners. Of course it would not thus be singularly popular did it not supply a want and fill a place.
Extract from the general Board of Health, London, as to its efficacy in Cholera.—So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases.
Beware of spurious and dangerous compounds sold as CHLORODYNE, from which frequent fatal results have followed.
Sold in bottles at 1s 1½d, 2s 9d, 4s 6d, and 11s each.
CAUTION.—None Genuine without the words "Dr. J. Collis Browne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

Just the goods he has to sell you.
Mind ye now he isn't joking,
If you are fond of chewing and smoking,
Or if you are given to snuffing,
What he keeps does not need puffing.
He has brands will suit you really,
Tobacco users prize them dearly;
From all parts of the "Old Dominion"
He has stock, and his opinion
Is that none can suit you better
They will please you to the letter.
His Cigars, just from 'Havana,'
Smoke in the most lovely manner;
Meerschaum pipes of style and fashion
Just to suit each taste and passion;
And it is in Canada stated,
His Tobaccos are celebrated;
Green Seal, Straight Cut, all go,
Big Lick, Big Cut, Wind Sap, also
All the Fine Cut Brands for chewing
That your teeth will never ruin;
Pipes to suit the inveterate smoker,
Cards for playing sinch or poker,
Pipes of briar and stems of cherry
More than any man can carry;
It would take a week to tell you
All the things he has to sell you.
While in town you may be stopping
At the "Adelphi Corner" drop in;
Campbell you'll find at that location
Ready to give you information,
Or to see you well provided,
With what is by all decided,
The smoker's and the chewer's glory,
The best and cheapest in Victoria.

## ANOTHER UNCONSTITUTIONAL BILL.

At the outset we promised to give the new Ministry a fair trial; to offer them no factious opposition; to judge them by their measures. Especially did we pledge ourselves not to follow the evil example of a contemporaneous print and resort to false reporting and indecent personalities where argument failed us. We claim to have adhered to and fulfilled those pledges to the letter. The *personnel* of the Ministry has not been questioned, and no obstacle has been thrown in the way of the general policy of the Government. We think, therefore, that we may now fairly claim the right to question measures of the Government which, if passed, would prove prejudicial to the public weal, or measures which are unconstitutional, or which have been introduced for the purpose of acquiring a little cheap popularity with any class of the community.

Foremost amongst the measures that are plainly unconstitutional may be ranked the proposed tax on insurance companies. Such a tax (supposing it constitutional) if it were to fall on the insurance companies alone would be hailed with satisfaction. British and foreign insurance companies represented here are under-taxed now; many thousands of dollars are paid by British Columbians in premiums which are sent to England and elsewhere to enrich shareholders who have not contributed a single dime towards the building up of the Province, the only satisfaction afforded being the sense of absolute security which the insurer experiences when taking out a policy. A tax on insurance companies would, then, be both just and equitable if it were to be paid by the insurance companies instead of by policy-holders. The Bill before the House proposes to place a tax on the latter class, who already pay a tax of one-eighth of one per cent. for Municipal purposes. Why resident insurers should be singled out for taxation while it is proposed to let absentee insurance shareholders off with a tax of $100 per annum, is as great a problem as the proposition contained in the Chinese Tax Bill to compel white men to pay a head-tax of $60 per annum where Chinamen fail to do so. Of course we deal only with the object the Government had in view in introducing the Bill. There would not be the slightest profit to be derived by a discussion of the measure itself, it being entirely beyond the province of the House to deal with insurance companies. A recent decision of the Judical Committee of the Privy Council lays it down that the power to deal with such matters is Dominional and not Provincial. But, the reader will urge, the Bill has been introduced by the Attorney-General, the law-adviser of the Crown. How does it happen that he is so ill-informed on a plain question of law with a precedent so recent as the Quebec case at his elbow? In the words of Lord Dundreary, that's one of the things no fellar can understand. It is enough for us, in the interest of the country and (may we not add?) in the interest of the Government, to point out that the measure is unconstitutional—that the House has no power to deal with the matter, and that if the Bill should pass it will be disallowed at Ottawa. The Attorney-General is phid at the rate of $3,000 to know this and kindred matters connected with his important office, and we hope he will not decline to receive this information in the spirit in which it is offered. We are actuated by a desire to preserve the chief law officer of the Government from the mortification of being set right in his law by the Deputy Minister of Justice at Ottawa. The Bill should be withdrawn before the lamentable want of knowledge it gives evidence of shall become too public.

## THE DEBATE ON THE CHINESE BILL.

It is but fair to the leader of the Government to say that he showed plainly enough during Monday's debate on the Chinese Bill that he was heartily ashamed of his own measure—and well he might be, for the Opposition members, reinforced by the member for Comox, did not spare him or it. Mr. SMITHE opened fire, and while fully admitting the necessity for some action being taken to deal with the evil of Chinese immigration, he characterised the measure before the House as a fraud and a makebelieve, expected by its authors to be strangled at Ottawa. He called it a clumsy attempt at claptrap and buncombe unworthy of the House and of the Government. He pointed out the ruinous effect it might have upon the infant manufactures, the fishery and other industries of the Province and said if the Government had properly considered this question and had approached it with caution and moderation they would have deserved the thanks of the country; but the reckless, bull-at-a-gate style of treating the important subject evinced either a deplorable lack of statesmanlike qualities or a barefaced attempt to make a burlesque of the whole matter and palm it off upon their constituents as a redemption of their election pledges. Messrs. MARA and VERNON followed in the same strain, strongly objecting to the farcical measure and making the Attorney-General wince under the well pointed ridicule of their remarks. Dr. ASH fittingly finished the attack by a burst of honest, hearty indignation, remarking that the measure was a disgrace to the Government, and would, if passed, injure the country in the eyes of England when the strong measure in connection with the Railway, alluded to in the Governor's speech, came to be considered. The leader of the Government was perhaps an object for commiseration when he rose to reply, and almost pitifully appealed for help. He said the leader of the Opposition had promised for his party that they would assist the Government to pass their measures, and if ever he required assistance it was on an occasion like this, when an important matter was to be dealt with and when the whole House might, with advantage, render aid to make a perfect measure. The Bill comes up for second reading on Thursday, when another interesting debate may be expected.

## MUNICIPAL POWERS ENLARGED.

By virtue of a Bill introduced by Hon. Mr. BEAVEN we find that it is proposed to vest the appointment of the police magistrate and police force in Municipal Councils instead of in the Governor in Council, the latter, however, having the power to allow or disallow the appointment of the Magistrate. Should the Mayor or Warden of a Municipality be appointed Magistrate the Bill empowers him to act. It seems to us that the present is rather an unfortunate time for the enlargement of the powers of the Municipality of Victoria. The Councillors have held three sittings, at each of which a deadlock has occurred over the important question of who shall be Water Commissioner? Suppose they were to hang over the appointment of a police magistrate, or even that of a policeman!

*To the Editor of the London Times:*

SIR,—I have the best authority for saying that the Queensland Goldfields Act (a copy of which I enclose) has been assented to, and the Governor has been advised accordingly, by cable. The power of disallowance within two years, it is right to say, has been reserved. Comments are needless.

Yours faithfully,

Sept. 29. J. H. HEATON.

### QUEENSLAND.

ANNO QUADRAGESIMO PRIMO VICTORIÆ REGINÆ.

A Bill to amend "The Goldfields' Act, 1874," so far as relates to the Asiatic and African aliens and in other respects.

Whereas, great expense is incurred in maintaining order on the goldfields in consequence of the presence of large numbers of Asiatic aliens thereon, and it is desirable to discourage the immigration of such aliens, and their employment in gold mining, and for that purpose to amend "The Goldfields Act, 1874," so far as the same relates to the issue of miner's rights and business licenses to Asiatic and African aliens, and in other respects. Be it therefore enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of Queensland in Parliament assembled, and by the authority of the same, as follows:—

"1. The sum payable by an Asiatic or African alien for a miner's right shall be three pounds, and for a business license shall be ten pounds, for each year, during which the same is to be in force, instead of ten shillings and four pounds respectively, as by the said recited act is provided.

"And no miner's right or business licence shall hereafter be issued to any such alien except on payment of such sums as aforesaid respectively.

"2. Any person who shall be found mining or carrying on business on any goldfield not having in his possession a miner's right or business licence lawfully issued to him,

"And any person who shall upon any goldfield employ in mining any person who has not in his possession a miner's right lawfully issued to him,

"Shall on conviction thereof forfeit and pay a sum not exceeding five pounds, and in default of immediate payment the amount of such penalty shall be levied by distress and sale of the goods and chattels of the offender, and in default of such distress, or if sufficient distress be not found, the offender shall be liable to be imprisoned, with or without hard labor, for any period not exceeding three months.

"3. In any prosecution for any offence against the provisions of this Act the averment in the information that any person named therein had not in his possession at the time of the alleged offence a miner's right or business license lawfully issued to him shall be sufficient proof that such person had not such miner's right or business license, unless the defendant shall prove the contrary.

"4. Any information for any offence against this Act may be heard and determined by any Warden or any two Justices of the Peace, and any such Warden or Justices may hear and determine the same in a summary manner at any place where an offender shall be found within the limits of any goldfield.

"5. This Act shall be styled and may be cited as "The Goldfield's Act Amendment Act of 1877.""

DENTISTRY.—Dr. Cool calls attention to the beautiful alluminium-lined vulcanite plates for upper and lower sets. The advantage of this work is that it is very thin, much stronger and lighter than the common plate usually worn; also, being a better conductor of heat and cold, it does not produce the iritation, sometimes caused by rubber or non-conducting substances. I make these sets for $35, something never before done, and guarantee my patrons that after once wearing one of them they will wear no other. The treatment of diseased teeth and fine operating I make a specialty. Teeth built up with pure gold to their natural contour; artificial crowns adjusted to roots in the best manner. Work of every description done anywhere I engage to do at the most reasonable prices. *

If heretofore you have been unable to wear a set of artificial teeth call on Dr. Cool. He will guarantee all his work *

EUROPE.

VIENNA, August 5.—The Austrian troops are meeting with armed resistance in the occupation of Bosnia.

CONSTANTINOPLE, August 5.—The Russians summoned the Rhodoph insurgents to evacuate the territory now occupied by them belonging to Eastern Roumalia within ten days or the Russian forces will attack them.

MADRID, August 5.—Queen Christiana, widow of Ferdinand the Seventh and grandmother of Alfonso, present king of Spain, is dangerously ill.

LONDON, August 5.—It is reported at Vienna that the insurrection at Mostar Herzegovinia is fomented by Montenegrins and will be likely to lead to serious complications with Austria. It is said that the state of affairs at Mostar is worse than at Nerapoo, the capital of Bosnia; that the governor and mufti of Mostar have been assassinated and the whole population are in arms.

LONDON, August 6.—In the great international pigeon shooting match today between Capt. Bogardus and Hubey Boventry, Bogardus won by one bird.

VIENNA, August 6.—The *Abend Post* (official) publishes the following details of the Austrian occupation of the Turkish provinces. The main column advanced into the valley of Bosnia after overcoming great difficulties, gaining by tact the good will of the inhabitants. Property owners were especially friendly. Captain Milikovie was sent from Dubend, Aug. 1st, with a squadron of hussars to reconnoitre the valley of the Bosnia. He was, seemingly, received everywhere with joy. Hearing that an insurrection was being organized at Schesbeche on the river Bosnia the captain proceeded thither and was received at the entrance of the town with a volley of musketry. The hussars formed for action, but perceiving it was impossible to force an entrance to the town, marched back to Maglia. There the inhabitants, previously friendly, opened a heavy cross fire upon the hussars, who were obliged to pass at a rapid pace through a defile occupied by Bosnians, and in doing so two hussars were shot. The remainder reached the Austrian outposts. In Herzegovinia the Austrians advanced yesterday towards Mostar. They fought a short engagement near Citlak with 500 insurgents and killed several of them and made some prisoners. Four Austrians were wounded.

EUROPE.

BERLIN, Aug. 3.—This morning's approximate estimate of the result of elections for members of parliament is as follows: The two Conservative factions, which were 162 strong in the old house, (127 National Liberals and 35 Advanced Liberals), have been reduced to 132,—107 National and 25 Advanced Liberals. Ultramontanes, with their Guelph allies, retain their old figures, numbering about 98. The remaining 60 members are Poles, Danes, Alsatians, Socialists and a few Independents.

BUCHAREST, Aug. 3.—Russian troops are returning to Russia at the rate of 5,000 daily. The Roumanian army is expected to make a triumphal entry into Bucharest, accompanied by Bulgarian trophies.

LONDON, Aug. 3.—The division list on Lord Hartington's resolution in the house of commons last night, just published, shows that seven Liberals voted against the resolution, including Roebuck, Joseph Cowen, member for Newcastle-on-Tyne, and Sir Nathaniel Mayer de Rothschild.

CALIFORNIA.

SAN FRANCISCO, Aug. 3.—The Bank of California this morning received a dispatch from Carlsbad, Germany, that Michael Reese, millionaire, died at that place yesterday. He leaves an estate approximated at $10,000,000, and with the exception of Senator Sharon is the largest real estate owner in the city. Some years ago he made a will leaving the great bulk of his estate to benevolent institutions.

THE COMMONS.—Mr. Wm. Dalby will be a candidate for the Commons in Victoria District. *

### The Odd Fellows' Excursion.

One of the most successful and enjoyable excursions that has taken place here for many years past was that held under the auspices of the I. O. O. F. on board the steamer Isabel yesterday, the spot selected for the event being the picturesque locality of Pedder Bay The weather was all that could be desired and the number of excursionists altogether beyond the expectations of the most sanguine, it being estimated that the steamer when she left Messrs. Engelhardt & Co.'s wharf had on board at least 650 persons. The trip down was made in good time, nothing occurring to mar the pleasure of the voyage. After a brief delay the pleasure-seekers were all landed in safety and then the enjoyment of the day commenced. A large number of ladies and gentlemen "tripped the light fantastic" to the music of Prof. Haynes' band, whilst others resorted to athletic sports, and during the afternoon a tombola was drawn with upwards of one hundred and fifty useful and ornamental prizes exclusively for the fair sex. So far as we could ascertain the principal prizes fell to the following: 1st, electro-plated epergne, Miss C. Bailey, No. 249; 2nd, eight-day clock, Mrs. W. Craft, No. 257; 3rd, set of tablespoons, (unclaimed) won by ticket No. 345; 4th, set of forks, Mrs. Pelletier, No. 88; 5th, dessert spoons (unclaimed), won by ticket No. 126; 6th, teaspoons (unclaimed), won by ticket No. 239. These prizes as well as a great number of others can be had on application at Mr. J. W. Jeffree's clothing store, corner of Yates and Government streets. Perhaps the most prominent feature of the sports was a race between "fat men" of the company, in which several well-known citizens competed, the contest being eventually won amid loud cheers by Captain Dan. Morrison, who defeated Mr. Green, of H. M. S. Opal, and ex-Councillor Gowen, who came in second and third respectively. There were innumerable picnic parties who sought the exclusion of shady nooks and enjoyed themselves to their hearts' content—the popping of corks and the merry voices of children making the woods ring with gladness. At about half-past six o'clock the party rembarked and under the careful management of Captain Morrison the steamer reached Esquimalt harbor in safety; there the vessel steamed round the several men-of-war lying at anchor, being cheered by the crews on board, flags dipping and whistles blowing. The little steamer Leonora also made a trip during the afternoon to the scene of the festivities and returning caused considerable excitement by racing with the Isabel. At 8 p.m. the excursionists landed at Engelhardt & Co's wharf highly delighted with their day's outing, the pleasure of which was greatly contributed to by the excellent arrangements of the committee of management. Captain Morrison was also most indefatigable in his efforts to provide for the comfort of the excursionists, one and all of whom speak in the loudest terms of praise as to his urbanity and courteous bearing. They wish for many more trips of a similar nature on board a steamer under his command.

MESSRS. BROWN & WHITE beg to call attention to the balance of their stock of Linen Costumes, Skirts, Children's Piqué Palises, Sun Hats, Ladies' and Children's Straw Hats, &c., &c., which will be offered at a great reduction in order to make room for novelties to arrive.

N. B. — A Fashionable Costume for $2 50. *

THE INSURANCE TAX. — A meeting of agents of the insurance companies represented at Victoria was held yesterday, and should the Government press the Bill affecting that interest steps will be taken to test the power of the Government legally. Insurance is fast becoming an expensive luxury here.

MUSIC.—Mr. Digby Palmer, teacher of the Pianoforte, Singing and Thorough Bass, having returned from Puget Sound, will be happy to see his pupils and patrons. Pianofortes tuned and kept in tune by the year. Fort street. Or orders left on the slate at Messrs. T. N. Hibben & Co.'s, Government street. *

P. O. HOME.—Donations were received during July from the following: Mesdames Lester, Elford, Hodges, Lewis, Jenkinson, Shopland, Andoan, Jeffree, Williamson, "A Friend," Rev. T. McGregor, Messrs. Churton and Pleece. The committee also thank several ladies for the performance of needlework.

AQUATIC. — The boat Photographer, winner of the sailing match which took place on Monday last, throws down the gauntlet to any other craft of similar build in port, for any distance for any amount of money.

THE steamer Isabel leaves at 6 a.m. today for Port Townsend, returning in the afternoon.

OUR THANKS are due to Capt. Wright, of the steamer Olympia, for a late *Oregonian* and *Intelligencer*.

THE steamer Grappler sailed early yesterday morning for Fort Wrangel with a heavy freight and some 20 passengers.

## County Court.

[Before Hon. A. F. Pemberton.]

TUESDAY, August 6.

Stahlschmidt & Ward *vs.* J. McKinney, master of the bark River Clyde—This was an action brought to recover $92.20 damages for non-delivery of 7,049 lbs. of pig iron.

The plaintiffs produced in court a bill of lading representing twenty tons of pig iron shipped in Liverpool. It was signed by the master, but contained the following words: "Weight and contents unknown." In reply the defendant, testified to superintending the loading of the pig iron and had it stowed in a particular place, separated from other iron by a division of wood across the ship two and a-half or three feet in width. The iron was not weighed because they took it to be what the shippers stated, namely, twenty tons, and that was the reason he had inserted the words, "weight and contents unknown."

After a careful perusal of the evidence, and the cases cited by counsel, His Honor said he was of opinion that by inserting in writing on the bill of lading, before signing it, "weight unknown," and by subsequently delivering at Victoria the quantity of iron actually shipped at Liverpool, the master had complied with the provisions of 18 and 19 Victoria, Chap. III., 5, 3, and had shown that the misrepresentation of weight in the bill of lading was not by any default on his part. One of the cases cited appeared at first to support the plaintiffs' case, viz., Bradley *vs.* Dunipace, where the master had to make good the weight shown by the bill of lading, but that was because he delivered 8-lb. bags instead of 12 lb. bags. In Jessel *vs.* Bath Martin B says: Signing for the amount with this qualification, "weight, contents and value unknown" merely means to say that the weight is represented to him to be so much, but that he himself has no knowledge of the matter.

His Honor therefore gave judgment in favor of the defendant, costs to follow the event.

Brown & White *vs.* E. Wall—This was an action brought to recover value of goods alleged to have been supplied defendant's wife previous to her marriage. Plaintiffs were non-suited.

John Quagliotti *vs.* D. Deasy—A suit to recover $56.25, value of notes with interest. Judgment was delivered in favor of the plaintiff.

Mr. Drake appeared for the plaintiff.

N. LeClaire *vs.* W. C. Bryant—This was an action brought at the instance of N. LeClaire to recover the value of a horse bought from the defendant, which he had warranted sound, but which on working he found to be worthless.

Mr. A. R. Robertson appeared for the plaintiff and Mr. Hett for the defence.

Judgment was deferred till Friday next.

W. Jensen *vs.* S. Chapman—A suit to recover $77.50 alleged to be due for bord. Judgment for the plaintiff with costs.

Mr. E. Johnson appeared for the plaintiff.

CRICKET.—The San Franciscans will play the Australians a match about the end of next month as they pass through the Bay City homeward bound. A letter has been received by one of our best all-round cricketers intimating that the Californians will be glad, if possible, to receive the assistance of several Victorians; but under the existing circumstances it is by no means probable that arrangements can be made to effect the combination. The San Franciscans will therefore have to fight their own battle and will most likely have to announce, "We have met the enemy and we are theirs."

THE steamer Cariboo-Fly left at 7 a. m. yesterday for Comox with the mails and the following passengers: Mrs. Borthwick, Mrs. Milne, Mrs. Quagliotti Romano, Mrs. Smith, Miss L. Bond, Miss Menzies, Miss Wootton, Bishop Lutens, Messrs. E. B. McKay, J. Planta, H. Larender, Smith, J. Darch, C. N. Young, F. Partridge, W. White, A. Elliott, H. Borde, G. Weiler, A. McMillan, D. Martin, C. Martin, J. G. Muir, W. Rowland, H. Andrews, P. Gray, S. Wootton, Wylde, J. Purser and several others.

"BOUGHT?"—Dr. Ash, member for Comox, having fitly characterized the Chinese Tax Bill, it is now in order for the organ of the doctor's own party to insinuate that the doctor has been "bought by the Chinese companies." That is the organ's favorite mode of warfare. When it or its master's words or acts are called in question it always cries "Bought!" Wonder who "bought" the organ when in 1875 it denounced white laborers as idle, drunken, shiftless vagabonds, morally inferior to Chinamen?

THE death of Michael Reese, the San Francisco ten-millionaire, was unexpected. He died whilst traveling in Germany. Reese was known as the meanest man in California. With all his wealth he scrimped and saved and lived like a miser. His meaness was celebrated in song and verse; and now it appears that he saved to carry out a good purpose. He has left the bulk of his property in charity.

THE steamer Enterprise left at 8 a. m. yesterday for New Westminster and way ports with the mails and the following passengers: Mrs. Todd, Mrs. Henry, Mrs. Huff, Mrs. Lereaux, Mrs. F. Dowling, Rev. Mr. Teale, Rev. Mr. Huff, Captain Raymur, Messrs. John Todd, sr., J. S. Deas, E. Brown, J. B. Minter and several others.

NO SACRILEGE.—The offertory plates of St. John's Church were not abstracted by a sacrilegious wretch, as stated in our issue of the 6th inst., but were taken to be cleaned by one of the churchwardens who forgot to mention the circumstance to the rector.

EXPORT OF HORSES.—Within the past two months 800 head of horses raised in the Province have been driven east of the mountains for sale. The Hudson Bay Company sent 500 head; Victor, 200 head; and Driscoll, 100 head.

SMASH UP.—We are requested to state that the driver who was upset out of the buggy on Sunday last was not Mr. Porter himself or any driver employed by him, but a gentleman who hired the buggy.

THE Police Commissioners will meet at the Council Chambers to-morrow at 10 a.m. for the appointment of a police officer in the place of Constable Higgins, resigned.

FOR IQUIQUI AND CALLAO.—The steamer Alexander at noon to-day will tow to sea the ship Elvira Dovale laden with lumber from Moody, Nelson & Co.'s mill, for Iquiqui, Callao.

FOR MELBOURNE. — The ship Fred. Litchfield has left Royal Roads for Tacoma, W.T., there to load lumber for Melbourne, Australia.

THE season's salmon catch on the Columbia River is estimated at 380,000 cases.

STAR OF BRITISH COLUMBIA LODGE, No. 5, I. O. G. T.—At a meeting of the above lodge held last evening the following officers were installed by W.C.T., Bro. F. McNulty; W. R. H. S., Bro. G. Wentworth; W. L. H. S., Bro. P. McQuade; W. V. T., Sis. E. J. Shakespeare; W. M., Bro. T. Irving; W. S., Bro. J. Gowdie; W. A. S., Bro. J. Gardiner; W. F. S., Bro. W. Gardiner; W. Treas., Bro. J. Hawkins; W. C., Bro. W. Spence; W. I. G., Bro. E. Costello; W. O. G., Bro. W. Clark; P. W. C. T., Bro. T. Deasy; Lodge Deputy, Bro. W. Spence. Bro. T. Deasy was elected to represent this lodge at the next session of the Grand Lodge, which is to be held at Seattle on the 8th September.

THE steamer Olympia, Capt. Stothard, arrived at 2 p. m. yesterday from the Sound and will leave again on Thursday morning.

SAN FRANCISCO has organized a bicycle club; its members make trips to San Jose, a distance of 50 miles, in a day with comparative ease.

SUMMONED.—Several persons have been summoned to appear in the Police Court on Thursday to answer charges of killing deer and grouse out of season.

## Lotter from Yale.

YALE, B. C., July 29th.

EDITOR COLONIST:—The news from this section of the country is meagre. The salmon are plentiful, the river being literally alive with those traveling members of the finny tribe. The heat is almost unbearable; the oldest settler on the Fraser does not remember anything like it.

The mail stage from Cariboo capsized at the 11-mile Post a few days ago. Fortunately nobody was hurt. Caused (as most of the few accidents on this road are) by Siwash dogs.

The Indians at Boston Bar have been holding a grand *potlatch* for the past few days, and all their tillicums from the upper country and below here have been up there assisting at the celebration. To lend an additional interest to the festivities an Indian murdered his klootchman while the spree was at its height. It is said that he got jealous of her apparent attentions to another redskin. Meeting her out in the woods a little way from the road he caught her and choked her to death. He then dragged her some distance and, having made a rope of her clothes, hanged her to a bush. But "a guilty conscience is its own accuser," and he confessed the murder to her family. They accepted five horses from him as a compromise and sent for Mr. Teague, Government agent here, who arrested him and lodged him in gaol to await a trial.

The wagon-road is in very good order, but it is very doubtful whether it will continue so long, since Mr. Elliott is no longer Premier. Mr. Walkem has ordered Mr. Neil Black, road-boss, to discharge all his hands as soon as he gets through with a bridge which is in course of construction at the 18-mile Post. Teamsters predict that the road will be next to impassable in a short time. Such is bound to be the result from having incompetent men in the Government. It is also rumored up here that Walkem is pledged to take off the road-tolls. Perhaps they intend building another fine road alongside a navigable river.

The R Party (Mr. Jennings') is at work at the 16-mile Post and M Party (Keefer's) are at Nicomin.

BRITISH COLUMBIA.

## The Proposed Tax on Insurance Companies.

EDITOR COLONIST:—I have read with much interest your remarks on the proposed Act relating to insurance companies and insurers, and there is no doubt whatever that your views are correct.

Without taking into consideration the fact that the proposed Act is in itself unconstitutional, the Government have shown much inconsistency in this matter, having, as I understand, pledged themselves to abolish dual taxation, and at the same time have introduced a measure imposing an annual tax of one hundred dollars on insurance companies and a rate of one-tenth of one per cent., which would virtually fall on assurers.

Now, as I understand it, the British insurance offices represented here have always been ready to bear their share of taxation in common with other companies and individuals, and I have heard it asserted, "oh, the insurance companies make lots of money, therefore tax them."

Now, it would be scarcely fair to single out any particular firm or corporation for an inequitable share of taxation. It may be the case that the insurance companies have been to some extent successful; but they each contribute three hundred dollars per annum to the city revenue, and, moreover, are at any moment liable for losses which could not be made up in premiums for many years. It may not be generally known that the British offices represented in the city have risks amounting to nearly three millions of dollars.

Then, with regard to the tax of one-tenth of one per cent., assurers already pay a tax of one-tenth of one per cent. to the corporation, which is far from equitable. The merchant when he insures his merchandise must pay this tax; but if he does not insure the tax is not claimed. So it is with household goods and other private property.

Surely, then, a measure imposing additional burdens of this kind will never be allowed to pass. At any rate the Bill has only to be submitted to the authorities at Ottawa to be pronounced unconstitutional. MERCHANT.

Victoria, Aug. 6.

## Testimonial to Lord Beaconsfield.

DOG CREEK, July 28, 1878.

EDITOR COLONIST:—In a late issue of your paper I noticed a suggestion made that subscriptions be raised for the purpose of presenting a testimonial to the Earl of Beaconsfield. This has met the approval of every British subject in this part of the country, for if ever a statesman deserved the gratitude of his country it is the Earl of Beaconsfield. Nothing but his firmness of purpose and indomitable pluck has saved the country from a disastrous war, the Empire from dismemberment, and placed her once more in her rightful position—foremost in the rank of nations, at once respected and feared. Although the amount here subscribed would be probably small it would nevertheless tend to swell the aggregate.

Yours, truly,
THOS. P. REED.

## The Salmon.

EDITOR COLONIST:—I am pestered right and left by a number of my friends—each one of whom chooses to assume that he of all men is *the* one to settle the whole intricacy of the "Salmon Question," my own opinion or my own assertions being meanwhile quietly ignored. To-day a well-meaning gentleman (obtruding the subject upon me, for as a rule I cautiously avoid it) sought to quench me by adducing the authority of Mr. Frank Buckland. Of course we all appreciate Mr. Buckland as an authority within the sphere of his knowledge; but Mr. Buckland knows no more of the nature and habits of the salmon on this coast than the man in the moon does, I so asserting.

## REDUCING GOLD ORE.

### Billions of Dollars, it is Said, Can be Saved by a New Process.

[From the New York Times.]

Experiments were tried at 22 Goerck street yesterday in reducing gold ore. The saving applies to gold and silver ores not hitherto capable of being worked by reverberatory furnaces, the method in use in the great mining regions of the West. The ore, after it is crushed to powder, is roasted in reverberatory furnaces, to drive off the sulphur with which the gold is connected, and from which it is with the greatest difficulty separated. To liberate sulphur from gold ore is the problem which the miner, the chemist and the assayer have endeavoured to solve since 1849, and the nearest approach to the solution has been the reverberatory furnace. The proprietors of these furnaces in Colorado, Nevada, and Arizona have charged the miner $30 a ton to melt his ores, because the cost of the reduction amounted to at least from $23 to $25 a ton. The natural result is that all sulphuretted ores that do not assay $30 to the ton are left untouched. When it is remembered that there is just about ten times as much sulphuretted or lean ore as of fat ore in the gold regions, it is seen that, when a process can be obtained by which it will pay to handle the hitherto unremunerative ores, then billions of dollars can be saved. Such a process, it is asserted, has been invented, and a ton of ore which formerly would not be looked at will pay the miner $10, and also the smelting works $10, leaving $10 for the cost of reducing, the cost of reducing by the old process being $30.

For experimenting a furnace has been built at 55 Goerck street by the Brewster Reduction Company, and an experienced assayer from Colorado, Adolph Behrs, superintended the works. The roasting oven is nearly circular, twelve feet in diameter, and has the advantage of working nearly automatically. In the ordinary reverberatory roasting furnaces there are two and three and even five terraced hearths, making the machine fifty feet long. The labor in the old furnaces is done by hand, consisting mostly of rabbling the powdered ore incessantly, an expenditure of great labor and time. The production is small, and the completeness of the roasting depends on the efforts of the workmen. The Brewster furnace has a flat, circular hearth, consisting of an iron shell, filled with five inches of fire clay. Its circumference underneath is fitted with teeth and driven by a gear-wheel, giving a rotary motion to the hearth. The hearth moves on a number of balls underneath. Through the centre of this hearth rises the main air pipe, through which the air for the combustion of the sulphur passes. This air tube extends from the blower outside through a pipe, and, passing up through the centre into four hollow stationary arms, six inches in diameter, and crossing at right angles, it passes into hollow teeth underneath the arms that discharge the air into the red-hot ore, revolving against them on the circular iron plate. The air strikes the glowing ore, and heated by its passage through the pipes, the combustion of the sulphur in the ore is rapid and complete. The ore, which has been introduced like wheat in a hopper, runs out in the same manner. Twenty-five tons of gold ores, heavily sulphuretted, from four mines in North Carolina, were experimented with. They carried from eighteen to eighty-seven per cent of sulphurets in the crude ore, and after going through the furnace for twenty minutes, not a sign or smell of sulphur could be detected.

The experiments are satisfactory to those having charge of them, and a furnace is to be constructed in Blackhawk, Col. An old California miner who was present said that the results are marvellous, but he desires to see the experiment tried on a larger scale before he can believe in its success.

## A Picture of the English Judge.

[London Week.]

There are few positions more enviable than that of an English Judge. A salary of $25,000 a year, with a pension of $15,000 on retirement, are pickings for which a French or German Judge, who does much the same work for $2500 or $3000 a year, must long with all the strength of his judicial mind. If the pecuniary position of a Judge is good, his social status is even better. On circuit he is treated with almost royal honors, and on the bench the outward deference paid to him by suitors, and, above all, by the counsel, is enough to turn the head of any but the most humble-minded of human beings, and humble-mindedness is not the characteristic of Judges more than of other people. The British Judge has many virtues. He is not to be bought; his honor is above suspicion; his moral character is in most cases immaculate. He is, except when afflicted with the gout or exasperated by a suitor who insists upon conducting his own case, uniformly courteous, and he is dignified in the extreme, sometimes a little overdoing the part, and usually in the inverse proportion to the strength of his intellect.

It is no wonder that a judge often has an exaggerated sense of his own importance. His infallibility is always being forced upon him. "If your lordship pleases," "of course I should not presume to argue the point with your lordship," are phrases which continually meet his ear. If he makes a joke, which he sometimes does, and very weak ones too, the bar smile, the jury laugh, and the plaintiff and defendant are openly convulsed with merriment; and he goes home to the bosom of his family with the pleasing conviction that he is both a great wit and the greatest judge since the days of Solomon. And yet he must know from his early experience at the bar that, in spite of the outward deference paid to him, no one is so keenly criticised as a judge. His official life is passed before a professional public, most of whom have nothing much else to do except to criticise, and it is a privilege of which they avail themselves to the utmost. They pick holes in his law, make hay of his statement of fact, and very often, especially the younger ones, end by pronouncing the particular judgment under discussion to be based on an entire misconception of the law and the evidence. The Master of Trinity, Cambridge, lately remarked at a Fellows' meeting, at which some overconfident opinions were advanced, "Gentlemen, we are none of us infalliable, not even the youngest of us;" and it is a sarcasm which many members of the junior bar would do well to lay to heart. But when the wished-for brief does arrive, the keenest critic appears wonderfully limp as to his legs, moist as to his hands, and quavery as to his voice when he rises to address the same judge whose demeanor, words and actions have been the subject of his contemptuous approval or disapproval for the last few years.

## Bogus Cable Dispatches.

[London Special, July 23.]

The Blue Book is published, containing the detailed protocols of the Berlin congress and the official report of its proceedings. They disclose nothing of interest to American readers which we have not already given in our regular cable dispatches. Careful reading of this Blue Book establishes the utter falsity of pretended details published in certain New York journals, and professing to have been received in cable dispatches to an opposition association or as "specials." Among the frauds thus exposed may be mentioned what purported to be Prince Bismarck's opening speech, Mehemet Ali's protest and Count Schouvaloff's speech about selling arms to the Chinese. All these were purely imaginary. So, also, were the reports pretending to give the scenes at the death bed of Queen Mercedes, the massacre of Jews in Russia, the Bismarck dog story and the escape of Vera Saussalich.

R. HAGGERTY.

## Disraeli's Prophecy.

In his novel, "Tranced," Disraeli has one of the characters say of the Eastern question: "I could settle the Eastern question in a month if I were so disposed. The Eastern question is: 'Who shall govern the Mediterranean.'" In another novel, "Contarina Fleming," written while he was a young man, he has his hero say: "I heard my name. The hall was now darkened. In the distance stood my father. He placed his arm affectionately in mine and said to me: 'My son, you will be Prime Minister of (here come dots in number the same as the letters in the word England), and, perhaps, something greater.'" When the book was published the critics agreed that in his hero Disraeli had pictured himself. If so the prophecy has been fulfilled.

## American Mail.

The question whether the negroes are dying out or not having attracted some attention, a planter writes to the Charleston *News* that from observation and statistics he is assured there has been no decrease. On the contrary those employed on his estate show an increase of 21 per cent. in numbers during the last ten years.

The cheap beer movement has struck Pennsylvania. The Pittsburg vendors are many of them selling good beer for three cents a glass.

A Church in Chicago was scandalized recently by the efforts of a sewing-machine man to make the congregation an advertising medium. Just before church time he had a number of fans placed in the pews. These fans were of the shut-up kind, and it was not until the people began to fan themselves that the discovery was made that each fan was embellished with a conspicuous advertisement of the sewing-machine man's business.

Mr. Perkins was a Boston widower, having lost two wives. Miss Carlton was a spiritualistic medium. She went into a trance, and the spirits of the two dead wives, speaking through her, said she and Perkins ought to marry. Of course Miss Carlton was astounded, after coming to herself, on being told of the communication she had delivered, but she was willing to obey. The ceremony was performed the next day.

Mrs. Vonnovus, a dashing Quebec widow, got two men into a fight about her, and then stole off to Europe with the favored suitor, Mr. Griffiths, a young merchant, just as his name was called in court to answer for an assault on his rival, John Jones, a bachelor of 45. Jones claimed that because the widow did not return his photograph in 1870 she was engaged to him, and Griffiths whipped him with a cane for protesting to the Bishop against Griffith's marriage.

There is nothing oleomargarinish about Mr. William Bennett, of Chapel Hill, N. C., but he is a real butter, as witness this challenge: "I am no man for four-legged chickens, or sixteen-winged ducks, but I can out-butt any man in North Carolina. I have deposited $5 with Mr. A. W. Crabtee, of the *Ledger*, and any man who wants his skull bursted can cover that bet. I have been clean through seven good boxes at one butt, and walked off with them around my neck, collar fashion."

FREDERICTON, N. B., July 23.—Hon. E. B. Chandler was sworn in as Lieutenant-Governor this afternoon by Judge Weldon.

QUEBEC, July 23.—Hon. Mr. Bachand is confined to his hotel in a critical condition. This morning he suffered a severe attack of hemorrhage of the lungs. His condition is somewhat improved this evening.

The justification and triumph of Mr. Mackenzie in refusing to sanction any but the lowest tender for the construction of the Quebec Graving Dock is found in the fact that the contract has now been awarded for $72,000 less than the amount of the tender recommended originally by the Commissioners and rejected by the Premier.
